

Dear Kathy,

Today we had the honor of pleasure in serving in another Mission of Love!

The day started early when we met with Mr. Edgar Coton (from La Sula town in Acatenango) who arrived at WAY-bi with a small truck that would transport the precious cargo (CORN) to their town.

The kids and I were also ready!

After an hour drive between beautiful mountains, volcanoes and coffee plantations ...

We arrived at La Sula town of Acatenango village and found ourselves with over 250 women (families).

We made our way in to Edgar's Cotton home where we started distributing around 5 pounds of corn to each family...

Mr. Edgar's words of gratitude for Mission of Love and WAY-bi Foundation for all the aid brought to the families in need.

Thank you Kathy !

With love and gratitude,
Edwin.
