

Mission of Love

*"You are not here to save the world, but to touch the hands that are within your reach."

Dear Kathy Price:

It has been such an inspiration since you came. Miracles do come true when you are around. All the donations you have brought is Christmas day to my family and I, may God bless you and all the donors who helped us with all our everyday needs and essentials.

This winter my family and I won't freeze. My 9 month old baby boy will spend his first Thanksgiving and Christmas in his new home. With the continued efforts from the utility company, water and sewer, my family and I are in the process of moving in.

My struggle to reach the road during the blizzards won't be so bad this year. I'm now a hop and a skip away from the road thanks to you. When you come it's always a family reunion and with all the love and caring between us all, miracles do come true.

Before you came, I had my 4x4 pick-up stolen right in front of my house. The police still haven't located it yet. I felt down and out, angry, depressed and hopeless. Then you sneaked up behind me with the Mission of Love family when I was hitchhiking. Just a smile on all of your faces made me forget all my problems. I knew right there and then I felt useful. I'm still motivated on helping other people and I love to work. The Mission of Love had made a big change in my life. All the bad things that happened to me. I keep my head high and look in a positive direction. I would have never had this confidence if it wasn't for you and the Mission of Love.

I know you will be leaving us for a while but you brought in new family members and we will continue your work together. My family and I love you and all of our new family members and we will continue to help anyone who needs our help. Each of us have various trade occupations and together we'll make things happen. Thank you for everything you have done for us and we love you.

Sincerely,

Harry Yazzie Jr. and Family
